

Emeka Emmanuel Ugonna

Ugo.B

Full-Stack Software Engineer, Founder, and Legal Scholar

LL.B, Second Class Upper, Imo State University, Owerri, Nigeria

Owerri, Imo State, Nigeria · 08103579586

contactugob@gmail.com x.com/Don_ugob votesphere.com.ng

PROFILE

Operating at the rare intersection of modern software engineering and digital jurisprudence. I design and ship high-concurrency digital platforms while mastering tech law, cybercrime analysis, and constitutional governance.

Focus	Software systems and tech law
Studio	Build With Ugo.B
Flagship	Votesphere

EXPERIENCE

Creator & Core Engineer

Votesphere, Remote

Present

Secure, high-concurrency online voting platform for live monetized and non-monetized events and elections.

- Engineered for live concurrent traffic during voting events and elections
- Integrated Paystack, Flutterwave, and Monnify payment gateways
- Built secure voting verification algorithms and live result streaming
- Shipped custom analytics for event operators

5M+ grossed in the first 30 days.

Founder & Principal Engineer

Build With Ugo.B, Remote

Present

Digital product studio engineering custom high-performance web applications, modern APIs, and scalable infrastructure.

- Custom web architectures for client products
- Performance and optimization audits
- High-converting client applications end-to-end

Creator & Legal Educator

NaijaLawExplained, YouTube and social

Ongoing

Legal enlightenment brand simplifying complex Nigerian statutes into digestible visual guides and video content.

- Statutory law broken down for everyday citizens
- Visual guides and multi-platform distribution

Host

Street Saga Podcast, X Spaces

Ongoing

Live interactive broadcasts on tech engineering, career growth, law, and social dynamics.

- High-engagement live community conversations
- Rights advocacy and technical culture

EDUCATION

Bachelor of Laws (LL.B)

Second Class Upper

Imo State University (IMSU)

Graduated 2026

Specialized research

The Challenges of Prosecuting Cybercrime Under the Nigerian Cybercrimes Act 2015: An Analysis

Mapping the gap between digital offending and courtroom reality — evidence, jurisdiction, procedure, and institutional capacity under Nigeria's primary cybercrime statute.

Land Law, Evidence Law, Digital Tech Law, Equity Contracts, Cybercrime Frameworks, Constitutional Law
